

INSTRUCTIONS

#PTGV-B, PTGV-V

PRO TOUR GRIP VISE BENCH MOUNT OR VISE MOUNT MODELS

#PTGV-B OR #PTGV-V

1 Mount **Pro Tour Grip Vise (PTGV-B)** on bench or clamp **Vise Mount Flange (PTGV-V)** in vice.
*Requires (2) two- 1/4" diameter bolts and nuts to mount to work bench.

2 Position club's shaft against **Fixed Rubber Jaw (#1)** and align club face toe up with the leading edge in vertical position.

3 Adjust **Knurled Knob (#4)** for different shaft diameters.

4 Activate **Quick Clamp (#3)** to securely clamp shaft

MAINTENANCE

Your Pro Tour Grip Vise has been shipped to you with a thin coating of axle grease on the threads of the knurled adjustment knob. It is recommended that the threads be lubricated periodically to prevent wear. Occasionally clean rest of fixture with WD-40.
